

# Etac Clean

 **etac**<sup>®</sup>

## Shower/commode chairs

Clean is the new generation of shower/commode chairs — comfortable, secure and easy to use.

## Easier transfers with Clean

The seat has a recess at the front and is fully open to the rear. This facilitates the accessibility for intimate hygiene, for both carer and user.

The armrests can be taken off or swung away, and the footrest slides in easily underneath the seat. This all makes transfers easier and safer. There are many accessories to choose from for Clean.

*The Clean fits both floor-mounted and wall-mounted toilets.*

## Clean – height adjustable

Clean height adjustable is our latest addition to the Clean family. The height can be adjusted to fit perfectly over the toilet, or to simplify transfers. Every detail of the chair is designed to make it functional, safe and easy to use for both users and carers.

*Adjustable between  
47.5–60 cm (18¾"–23½")  
2.5 cm (1") increments.*

## Clean 24" — easy to manoeuvre

Clean 24" is a well-balanced shower chair that allows the user independence. The seat is fully open at the rear and facilitates for the user to manage intimate hygiene unassisted.

Side transfers can be performed safely thanks to sufficient seat space in front of the wheels. Furthermore the brake handles are high mounted but always below the seat.

With a rear wheel adapter, the regular Clean with a 55 cm (21¾") seat height can be changed into a Clean 24". There are many accessories to choose from also for Clean 24".

A&E Design

Clean the product with a solvent-free cleaning agent (pH level 6-9), or with a 70% disinfectant solution. Can be decontaminated at max. 85°C / 185°F if so required.

## Accessories

### Pan

Green 8020 9230  
Grey 8020 9254

### Lid with handle

Green 8020 9232  
Grey 8020 9256

### Pan incl. lid with handle

Green 8020 9231  
Grey 8020 9255

Material: Polyamide

### Pan holder

Green 8020 9233  
Grey 8020 9257  
Fits both Clean pans and regular hospital pans with a thin rim.

### Bucket holder

Green 8020 9234  
Grey 8020 9258  
Fits bucket with a thick rim.

Material: Polypropene

### Attachment for low mounting of pan/bucket

Green 8020 9235  
Grey 8020 9259  
Fitted to the pan/bucket holder

Material: Polypropene

### Soft pad

Green 8020 9236  
Grey 8020 9260

Heat-reflecting soft seat with good anti-slip properties even when wet.  
Recess width: 17 cm (6¾")

Material: Cellular polyethylene

### Cushion, Protect 8020 9245

Air-inflated RoHo cushion with excellent pressure-relieving properties. The air pressure is adjustable.  
Recess width: 21 cm (8¼")  
Material: Neoprene
